 - a) Short Term Rental survey – discuss results: Discussed the process to publish in laker, blast out emails, and post on web page. Survey did not get into laker and post on web page was not easily found. Discussed holding it open longer so it gets put in in the laker. Some discussion was had about the ability to control the number of surveys being submitted and that some people can submit multiple ones. Shuan Kennedy walked through the draft of results to date and discussed.

- b) Draft Shoreland Ordinance update discussion and process. Scheib noted that the changed code left out the provision prohibiting grading within 20 feet of the OHW. After discussion, it was determined to retain the intent of the provision generally but clearly indicate what is not intended to be regulated.
7. Adjournment – Glenn – moved adjournment at 7:05. Shaun second and all voted in favor.
