RE: Street and Utility project bids
SEH No. 165430 14.00

Mayor and City Council

State Law allows a City to hold bids for 60 days unless another period is specified. For the street and utility project, the City specified 90 days, which expired on June 30, 2022.

The low bidder, Eureka, provided a written letter on June 6, 2022 indicating they would honor their bid prices until July 31, 2022 on the project.

Given the failure of the legislature to hold a special session and therefore a bonding bill was not passed this session, it would be prudent for the Council to act on the bids at its July 11th meeting. At this point given the uncertainty of the funding, we would recommend the City Council reject all bids and rebid the project at some point when all the financing is identified and secured.
